RECREATION PROGRAM SCHOLARSHIP APPLICATION

Petoskey Parks and Recreation Department believes every child has the right to participate in recreation programs regardless of financial barriers. In 2017, a scholarship fund was established through local grant dollars and private donations. The fund is dedicated for fee-based recreation programs limited to league play or lessons for youth 17 years old and younger. To maximize the funding available, participants are limited to \$45/year or \$120 per family/year and will be awarded a 25% or 50% subsidy based on income information. Since the scholarship fund is sustained through grants and donations only, limitations may be placed on the amount available.
